

Annual Notice of Special Education Services

The Tredyffrin/Easttown School District provides – without cost to parents – screenings, evaluations, appropriate programs, and services to all students thought to be exceptional and in need of specially designed instruction, from age 5 through the end of their legally determined age eligibility. These programs and services are made available to children who meet the qualifications of being a student with intellectually disabled, hearing impairments including deafness, speech or language impairments, visual impairments including blindness, emotional disturbance, multiple disabilities, orthopedic impairments, autism, traumatic brain injury, other health impairments, and specific learning disability.

School-age children who do not meet the eligibility criteria outlined above may be eligible for special protections and for adaptations and accommodations in instruction, facilities, and activities under the Americans with Disabilities Act and/or Section 504 of the Rehabilitation Act of 1973. Children are entitled to such protections, adaptations, and/or accommodations if they have a diagnosed mental or physical disability that substantially limits or prohibits participation in or access to an aspect(s) of the school program.

Public schools must educate children to the maximum extent appropriate in the regular education setting and they must receive instruction that conforms as much as possible to the instruction received by non-disabled students. Depending on the nature and severity of the disability, Tredyffrin/Easttown School District can provide programs and services beginning in the least restrictive environment to the most restrictive setting in the one of the following:

- The public school the child would attend if not disabled
- An alternative regular public school either in or outside of the district
- A special education program or center operated by a public school entity
- An approved private school or other private facility licensed to serve children with disabilities
- A residential school
- An approved out-of-state program
- In the home

Special education services are provided according to the primary educational needs of the child and not the category of disability. The types of educational services available include:

- Learning support
- Life skills support
- Emotional support
- Deaf or hearing impaired support, blind or visually impaired support, physical support, autistic support
- Multiple disabilities support
- Related services such as speech and language support, occupational therapy, physical therapy, nursing services, audiologist services, counseling, and family training

For further information regarding the Child Find process and related parent rights and protections, or other student services or special education information, please contact the Office of Individualized Student Services at 610-240-1921.
